

GUIDES FOR POSTER PRESENTATION

The poster report is designed to be printed on A0 paper (vertical size, Dimensions: 80 cm x 120 cm). The poster report consists of 4 main parts:

1. General information section:

- Title of the project (capital letters), name (group) of the author, summary of outstanding research results and implications (if any).

2. The body of content: a brief presentation of the research work, including:

- Research problem;
- Research purposes;
- Research methods;
- Results and Discussion;
- Conclusions and recommendations;
- Key references.

Footer section: contact information (contact person, phone, email).

3. Some notes when presenting the report:

- Language: Vietnamese/English
- Title: Time New Roman font.
 - Author: write full name, Faculty; If the work is done by more than one author, the main author is named first.
 - Outstanding research results of the work and implications: no more than 100 words.
 - The presentation of the research work: make sure the layout and presentation show the main features of the work; it's recommended to include pictures, graphs, tables and illustrations.

4. When and how to send posters:

- Designed posters should be saved as a jpeg file, Full HD quality, email the file to: ***btc.ves@avseglobal.org***
